## **J.P. Morgan Careers fair**

## **J.P.Morgan**

We are excited to announce that we will be running an onsite careers fair at our J.P. Morgan Bournemouth office showcasing our apprenticeship opportunities.

**The careers fair will take place on Tuesday 13th December.**

Sessions are available from 14:00 – 19:00, open to all Year 13 students who have an interest in Finance or Technology and are thinking about a career at JPMorgan.

We will be inviting students to join us for 45 minute sessions where we they will experience a tour of our wonderful campus, an insight into our apprenticeships and other site resources along with the opportunity to meet our current apprentices and hiring managers.

Teachers are welcome to attend with groups of year 13 students and students are welcome to bring a parent or guardian for the evening sessions as long as all guests are registered and booked onto a session for the event.

Please use the following link to register: [JPMorgan Chase & Co. | Event pre-registration \(recsolu.com\)](https://recsolu.com)

Once you register you will be sent a follow up email to book your place on one of our sessions. Please note places are limited. All guests are required to book onto a session in order to attend the evening.

In addition our applications for the Bournemouth Apprenticeship in both the Technology and the Finance Stream are currently open and more information can be found on our website.

**Join the Pathways to Property Open Online Course - Academics and Real Estate students will be online answering your questions from 21<sup>st</sup> November - 11<sup>th</sup> December 2022. This free, online course is suitable for students from Year 9 and upwards who want to learn more about the property industry and the careers within it.**

Every day we are influenced by the built environment around us - shops, offices, industrial buildings, houses and the surrounding countryside all have an impact on the way we live. Did you ever wonder how these properties are developed, whether the buildings going up in our cities are sustainable or how much they are worth? Help your students build their understanding about the property industry and the exciting careers within by completing the Pathways to Property Open Online Course (OOC for short!).

The OOC has been designed by leading academics at Henley Business School, University of Reading for students in secondary education. Taking place over three weeks and requiring six hours of study, the OOC is completely free to complete and runs fully online all year round. During 9 weeks of the year (split between November, March and June) your students will be able to ask for support from course mentors; Upon completion they will receive a Certificate of Achievement for their studies - a great addition to a CV or UCAS application.

The next facilitated course begins on **21<sup>st</sup> November 2022**. For further information and to sign up please visit <https://www.futurelearn.com/courses/pathways-to-property>

For more information please get in touch with the Pathways to Property team at [pathways2property@henley.ac.uk](mailto:pathways2property@henley.ac.uk)

# Spring and Summer work experience

## Future Choices: Access Accountancy – Spring and Summer work experience programmes

Access Accountancy is a collaboration of more than 25 professional services firms dedicated to improving access to the accountancy profession in the UK.

Working alongside Access Accountancy, we offer work experience placements to students interested in an alternative to University after school or college.

Our Future Choices work experience programme will take place in April and July 2023.

Please scan the QR code to register your interest and we will be in touch with further details.

We'd love to have you on our programme if you meet two or more of the following criteria:

- Attend a state school or college – **mandatory**
- **Either** you are (or have been) eligible for free school meals (or attend a school that is above the regional average in terms of the number of students eligible for free school meals).
- **or** you would be the first member of their immediate family to attend university.

### **Join us at our next virtual careers conference to explore the diversity of careers within the space sector.**

The National Space Academy will be hosting online careers conferences for students and parents/guardians, thanks to the UK Space Agency. These conferences will allow viewers to find out about some of the most exciting job opportunities within an ever-growing industry. Jobs within the sector range from working with satellites to help predict the weather and farmers to better understand their crops to designing and building rockets to becoming a space lawyer.

The UK Space Industry has an annual turnover of £16.4 billion and employs over 45,000 people. It continues to grow year on year. The UK Space Innovation and Growth Strategy has a target of achieving 10% of the global space market, which is estimated to be £400 billion by 2030.

These interactive online careers conferences will explore the range of careers available before delving further into the career choices of three of our speakers. Looking at how their career journey brought them to where they are today and what it is they do daily. This will be followed by a 30-minute Q&A session with the speakers.

**APPLY NOW!**

All aspiring Doctors in years 10-12 / S3-S5 / NI12-13 are invited to attend a FREE LIVE VIRTUAL Get into Medicine Conference on:

- Sunday 13th November 10am - 3pm
- Saturday 26th November 10am - 3pm

Students can register using this link: <https://airtable.com/shr66li3bqG3ZpkPM>

This is a rare and exciting opportunity for students to hear from Doctors and Medical Students on how to build their best possible application to Medical School.

We also created a Get into Medicine leaflet to distribute among your students, they just need to scan the QR code to register: <https://medicmentor.co.uk/wp-content/uploads/2022/10/GIM-brochure-compressed.pdf>

Once students have attended, they will be awarded a Highly Commended Reference from the Presidents at Medic Mentor to add to their UCAS application.

The Get into Medicine Conference is a comprehensive guide to the medical application process. Dr Siva and Dr Kennedy will cover:

- Application Timelines
- How to Tactically Choose Medical Schools
- CV Building
- Personal Statements
- Interview Schools
- Medical Leadership and Awards Programmes
- Accessing Work Experience
- UCAT and BMAT - Entrance Exams to Medical School
- Accessing Scholarships

We strongly encourage all students to make the most out of this free opportunity.

Spaces are competitive and limited, so students should register as soon as they can using the link below. For this reason, we kindly request that students only book one conference.

Registration Link: <https://airtable.com/shr66li3bqG3ZpkPM>

Please note that all students must be accompanied by a parent/guardian for safeguarding purposes.

### **Allied Healthcare Mentor's NHS Virtual Work Experience Programme**

The next session for Allied Healthcare Mentor's NHS Virtual Work Experience Programme is this Sunday 6th November. This programme is for students in years 10/S3/NI11 - 13/S6/NI14 considering a career in healthcare. We encourage students to register as soon as possible for the next session this Sunday.

Students can register for Sunday's session using this link:

<https://alliedhealthmentor.org/product/live-virtual-work-experience-programme/>

We've also created a leaflet to distribute among your students, they'll just need to scan the QR code to get to the registration page: <https://medicmentor.co.uk/wp-content/uploads/2022/10/AHP-6th-nov.pdf>

Health Education England's discovery report on virtual work experience programmes concluded that these programmes are a valuable adjunct to in-person work experience, especially in our current climate where in-person experiences remain extremely limited.

We kindly request you to forward this information to your students so that they can enrol on the programme in plenty of time before the UCAS deadline for NHS Health Careers in January.

This NHS Virtual Work Experience Programme is suitable for anyone considering:

- Nursing
- Midwifery
- Paramedicine
- Physiotherapy
- Occupational Therapy
- Dietetics
- Radiography
- Prosthetics and Orthotics
- Speech and Language Therapy
- Pharmacy

## Residential Insight into University

### Summer Schools 2023

Insight into University residential courses (previously known as Headstart) are summer schools run over 4 or 5 days where students get a taster of university life and an insight into a specific STEM subject. Students will get the opportunity to experience university style lectures and work on activities and group projects with the support of academics and student mentors. Students will stay in halls of residence and will take part in social activities in the evenings.

These courses are for Year 12/55-6 students and are a great way to try out a STEM subject at university before applying. This allows students to make a better informed decision for their UCAS application, as well as meeting like-minded students from all over the UK.

These summer schools are run for small groups (on average 30 students) and so places are limited.

**Applications open on the 3rd of October 2022 and will close on the 3rd of January 2023.**

#### Courses running in summer 2023

Maths at Lancaster  
Mechanical Engineering at UCL  
Life Sciences at Warwick  
Materials Science at Oxford  
Robotics at Liverpool  
Broad-based Engineering at Sheffield  
Materials Science at Cambridge  
Aerospace Engineering at Liverpool

**Find out more and apply on our website [here](#).**

#### Statistics from 2022

99%

of participants said they would recommend the course to other students!

94%

of participants said they felt the experience on the course will help them make a better informed decision for their UCAS application.

#### What our students say

*"The course was extremely informative as well as enjoyable, I loved meeting so many new people who were just as interested in the same subjects as me as well as being able to learn so much within such a short space of time."*
